Mahadevi News 1/2022

January

Dear members, friends and interested people,

A few weeks ago, good news came from Nepal.

But now Anupendra reports:

„The winter is too cold here these days. All is good in MWEC. The women are enjoying. But Corona has again disturbed a lot. The cases are rising everyday. Yesterday it was nearly 6000 infected. We were planning to give winter vacation for one week in MWEC, but now, the government made new rules to stop all schools , colleges and hostels until January 29th. No meeting more than 25 people and we must carry vaccine card to travel. Life is getting hard again. Stay safe.

With best regards

Anupendra“

Corona numbers are on the rise again, so schools will be closed until 01/29/22. A constant up and down. This is no way for the economy to get back on its feet. The hardship continues.

I hope you are well and have started the new year with positive thoughts and solidarity.

Thank you and Namaste
